The transition of the already approved active substances is guided by Commission Implementing Regulation (EU) No 540/2011 of 25 May 2011, implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances, and Commission Implementing Regulation (EU) No 541/2011 of 1 June 2011 amending Implementing Regulation (EU) No 540/2011 implementing Regulation (EC) No 1107/2009 of the European Parliament and of the Council as regards the list of approved active substances. **Data requirements** for active substances are laid down in Commission Regulation (EU) No 283/2013 of 1 March 2013, repealing Commission Regulation (EU) No 544/2011 of 10 June 2011. Transitional measures for **data requirements** for chemical active substances and **plant protection products** according to Commission Regulation (EU) No 283/2013 and Commission Regulation (EU) No 284/2013 are given in the guidance document SANCO/11509 /2013– rev. 3; 12 December 2014.

Concerning the placing of **plant protection products** on the market and establishing a list of **candidates for substitution** Commission Implementing Regulation (EU) 2015/408 of 11 March 2015 implements Article 80(7) of Regulation (EC) No 1107/2009
